E.T.D. Home Care was the absolutely best family home placement for my mother and my aunt. Marinell and Olivia are very professional in their care and concern for the residents. Professional attitude, cleanliness and excellent nutritional meals would rate a five star in anyone's book.

We have recommended family and friends to E.T.D. and will continue to do so. No other home can compare to the exceptional loving care that Marinell and Olivia can give to your family member. We would be very happy to live there if we needed the care, as we know first hand how warm and inviting the E.T.D. family home is.

Sincerely,

Scott Traverso, P.E.
